

## **STATUTE OF COMPETITION FOR THE TITLE “THE BEST STUDENT PROJECT OF IMMM SAS”**

### **1. The aim of competition**

The aim of competition is to evaluate the best student project in the field of structure and metal materials properties and to award in public the Certificate at the student competition conducted by IMMM SAS. The main goal is to boost student's interest in a fruitful collaboration with IMMM SAS.

### **2. Competition organizer**

Organizer and guaranty of the competition is the Institute of materials and machine mechanics SAS.

### **3. Eligibility criteria for applicants**

Applicant authorized to submit an application to the competition for the title “**The best student project of IMMM SAS**” must be a student of Bachelor or Master program of University education in EU member countries.

### **4. Evaluation process**

Applicant must submit completed application form with required materials (see attachment) and a project in Slovak or English language by e-mail to michaela.stamborska@savba.sk by June 9, 2017, 12:00 in order to be considered for the competition. The competition attendance is free of charge.

The statute of competition is advertized at the website <http://www.umms.sav.sk/7658-en/najlepsi-studentsky-projekt/> (including application form and the brief guide for applicants).

Applications will be evaluated by Committee appointed by the director of the Institute of materials and machine mechanics SAS. The chair of committee will be responsible for disinterestedness, professional standards and fairness in evaluation. From all submitted project Committee members will select those, which achieving the best score in the evaluation. These projects will be awarded including the Certificate. Decision of Committee is final and cannot be appealed.

### **5. Rights connected to Title awarding**

The title “The best student's project of IMMM SAS” will be awarded by the director of the Institute of materials and machine mechanics SAS at an official ceremony that will be held in June 30, 2017 in Bratislava, Dúbravská cesta 9.

## **6. Timetable of the competition process**

The submission deadline is June 9, 2017, 12:00.

Competition results will be announced in June 30, 2017 at IMMM SAS, Dúbravská cesta 9, Bratislava.

## **7. Final provisions**

Prizes will not be awarded while none from applications met the competition criteria or the number of applications will not allow an appropriate representative selection. The director of IMMM SAS will decide not to award the Title on the base of Committee chairman suggestion. The Committee reserves the right not to award the price of the first place, if none of the projects meet the qualitative level. The director of IMMM SAS reserves the right to cancel the competition, if less than 5 entries are received.

In Bratislava, April 24, 2017

Ing. Karol Iždinský, PhD.

director

Institute of materials and machine mechanics SAS
